

ASSORAM

HEALTH PRIMARY DISTRIBUTION ASSOCIATION

COMPANY PRESENTATION

SINCE 1965 WE STAND IN DEFENCE

OF HEALTH LOGISTIC COMPANIES

TO ENHANCE DISTRIBUTION STRATEGIC ROLE

WITHIN THE HEALTHCARE SUPPLY CHAIN

WHO WE ARE

Assoram is the only national association that represents not only commercial and logistics operators involved in primary health distribution, but also companies related to this supply chain. We give voice to the pharma and health distributors and third-party logistics providers.

Almost all the supply flows of the hospital, pharmacy, parapharmacy, LSD channels pass through the over 140 warehouses associated with Assoram.

OUR SERVICES

Cooperation is the key to operating in the health supply chain

This is a complex and articulated sector, in which a strict regulation is in force.

It's very difficult for a company to operate independently.

This is why Assoram supports its members by providing them market surveys, press and institutional reviews, assistance for regulatory compliance and many other services.

OUR SERVICES

MEMBERS REPRESENTATION

Assoram is committed to advocating its members' perspective to Institutions, policy-makers and other associations.

ASSISTANCE AND SUPPORT

Assoram offers individual as well as collective support and assistance services about problems daily affecting the sale and distribution of drugs, MD, cosmetics, etc.

INFORMATION AND TRAINING

Assoram provides company members timely informations and in-depth analysis about regulatory compliance and market.

MEMBERS REPRESENTATION

Assoram is committed to advocating its members' perspective to Institutions, policy-makers and other associations.

Representation and protection of the members' interests are also expressed through involvement in the Institutional Tables.

Assoram actively joins the debate about the institutional and regulatory framework, talking also with other supply chain associations within some institutional technical groups aimed at identifying possible solutions to the main critical issues reported by the supply chain.

ASSISTANCE AND SUPPORT

Assoram offers individual as well as collective support and assistance services about problems daily affecting health products sale and distribution.

Our legal area provides free legal assistance in the interpretation of legislation of national and European legislation.

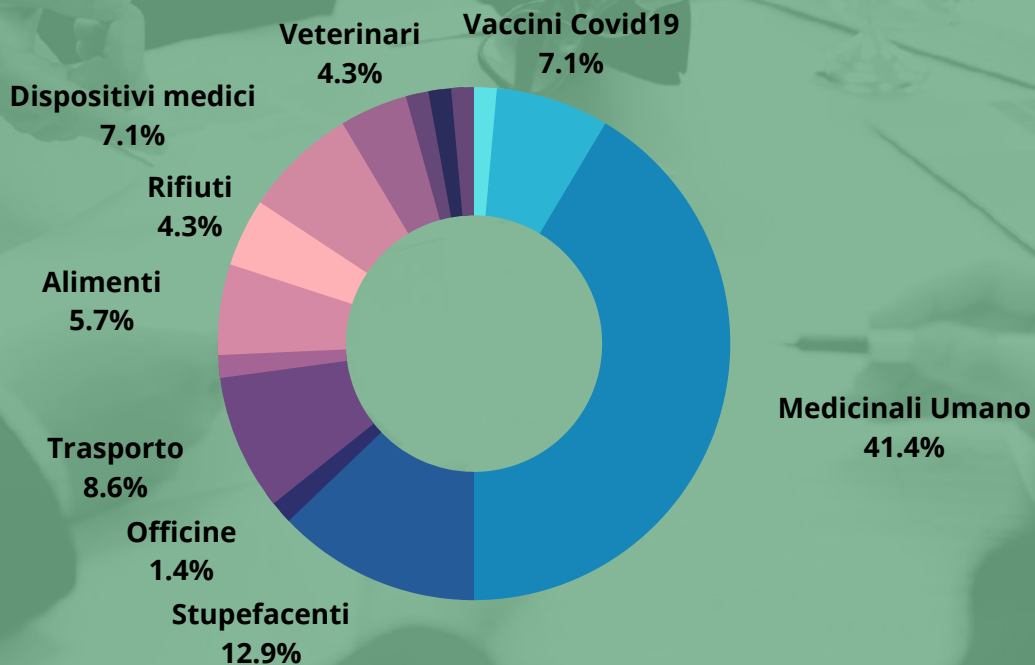

The legal area supports our members in fulfilling the formalities mandatory to be regulatory compliance, such as all the activities related to psychopharmaceuticals distribution authorizations.

It provides weekly updates and in-depth analysis about news in the legislation.

LEGAL ASSISTANCE

MAIN SUBJECTS UNTIL SEPTEMBER 2021

PSYCHOPHARMACEUTICALS DISTRIBUTION AUTHORIZATIONS

The management of narcotic practices is one of our more complex activity, which requires maximum attention and precision.

We manage a specific database containing informations on the member paperwork and its deadline, so that we can send a renewals reminder four months before.

We also support companies in the drafting of dossiers, following procedures step by step, from the starting of a new one, to renewal and extension. We also get in touch with the officers in case of problems or delays.

INFORMATION AND TRAINING

Assoram provides company members market surveys, press and institutional reviews, in-depth focus.

Assoram promptly sends in-depth notes and monothematic focuses about news and critical issues with greater impact on company operations.

We believe that our members can cope with the complexity of the health market thanks to our continuous updates about: pharma regulator advisory (e.g. shortages, withdrawal), IT and EU institutions provisions, press reviews, tax-related news, market surveys, news from Technical Tables with other associations.

OUR NETWORK

Joining our network, the company can benefit from the synergies between members and partners

To help associates coping with structural changes in the supply chain, Assoram offers a lot of opportunity made in agreement with our partners. They are ready to support member companies on different fronts: professional advice, insurance proposal, employee training, certification and disposal of pharmaceutical products and medical devices.
